

GRASS LAKE CHARTER TOWNSHIP
APPROVED WORK SESSION
June 28, 2022

Work Session called to order by Supervisor Lesinski at 8:04 a.m. at the Township Conference Room.

Board Members Present by Roll Call: Golding, Lesinski, Zenz, Loveland, Bray and Brennan. Absent: Bednarski-Lynch.

ARPA Funds – On going discussion with this topic, no decisions at this time.

Short Term Rental Ordinance – Lesinski presented a draft ordinance to the board at the June board meeting. Board has some questions in regards to some of the ordinance. Lesinski still has some items to work on and will present back to the board in July.

Contract with IT Right – due to the arising security issues, IT Right will be amping up the security for our IT issues. This will be a gradual progression over the next three years. There has been no dollar increases since we started with them. New Passwords need to be implemented starting June 27, 2022. Board feels we need to move forward with the upgraded contract.

Resident concern – Lesinski was contacted about someone wanting to grow 2 acres of Marijuana, board says no as an Ordinance is already in place, grow only what state legally says can.

Senior Center – Lesinski and Zenz met with the Senior Center Board. Expressed to them that we are having growing pains and that we are potentially going to add on. Moving forward they need to share in the responsibility of the building and or pay rent or have a lease with the Township. More information will be giving to them.

Motion by Brennan and supported by Golding to adjourn work session at 9:04 a.m. Motion Carried.

Respectfully submitted, Catherine N Zenz, Township Clerk
